

Actions of Andy, Lynda, Claire

Pros:

Other than the mandatory Christmas, Easter, family reunions and birthday meals, I can not think of anything they did willingly, out of the goodness of their heart, out of love for me, their father.

Cons:

1. After my slip and fall, Andy, Lynda and Claire surrounded me to take advantage of my condition.
2. On December 21, 2005, they immediately set out to wipe out my memories, taking out 27 bags of personal belongings and destroying my past, my one and only memory of my father gone forever.
3. Andy and Lynda came to my hospital room on several occasions to try to get me to sign paperwork whereby, to get away from them, I had to hide in the bathroom.
4. Andy and Lynda presented me with a rental agreement, stating that I had to go to St. Eustache as there was home support, when in fact, I live six miles closer for home support to come to my home.
5. Andy told me that my tenant wanted to move in his wife and kids. Garth's wife is a nurse in Neepawa and would never relocate, her husband lives with me during the week and commutes on the weekend. His teenage daughters would not leave their present schools.
6. Andy was going around town telling everyone that I was "a goner" which insulted residents.
7. Andy refused to replace the refrigerator in my home as it had stopped working a month prior and my roommate had informed Andy who did not take care of it.
8. Andy came against myself and Marlene and set up a meeting at the Holiday Inn to convince his siblings to move me out of my home.
9. Andy stole both my cellular and Marlene's whereby having had enough we charged him with theft and a "No Contact" was put in place. Andy immediately breached the No Contact by sending his wife and sisters to force Marlene out of my home when the RCMP had previously assured her that Andy could not enforce his title which is what he did. Marlene was required to leave and not continue home support which she was going to do for a day or two until home support was rerouted from St. Eustache to my home in Elie.
10. Prior to that when Andy sold him the second half of the property, the agreement was to pay me fair market value. When I arrived at Andy's lawyer, he swiftly ushered me in to sign with no independent legal advice to rely on. I discovered that Andy had paid me \$675 an acre and not the going rate of \$1,200 an acre. Also, the life estate we agreed upon and the mortgage I held were not registered on title. Lynda who works at Land Titles could have ensured my rights were protected which would have prevented the turmoil I have been living in for the past five years.
11. Andy and Lynda and Claire took me to Portage to try to obtain a peace bond against Marlene to

11. Andy and Lynda and Claire took me to Portage to try to obtain a peace bond against Marlene to ensure she did not assist me with a lawyer to assert my rights. It was dismissed.
12. At the RCMP detachment in Headingley, Andy to further isolate me from Marlene who was assisting me commenced 18 investigations against her.
13. Andy, Lynda and Claire proceeded to put fear into me with their false allegations against Marlene, that she would burn my place down, wanted to move in, etc., etc., to cause division in order that I not retain a lawyer to enforce my life estate rights.
14. Andy, against the advice of the judge in Portage, moved me out of my home February 14, 2006, and into the St. Eustache Manor against my will. I believe I was drugged that morning, as I have no recollection of a peace bond application.
15. February 14, 2006, Andy had a psychiatrist, Bruce Jamieson, assess me at the Manor in St. Eustache.
16. Andy installed an unlisted phone and ordered me not to give out the number or to answer my door.
17. Andy posted 24/7 "guards" to ensure I had no contact with Marlene or friends or family who were upset at my having been moved to ensure I have no support.
18. Andy made sure that someone was with me at all times. I was escorted to coffee in Elie in order that no one spoke to me that Andy did not approve of as well as to Church.
19. On one occasion at least, Andy posted a security guard from a security firm to stay overnight and guard me.
20. Andy, in writing, promised to pay my rent. In fact, he only paid one half or \$200 a month.
21. Andy buried some of my paperwork in the backyard which I found when he ordered me to clean the bushes as condition to get my annual mortgage payment.
22. While being one half owner, Andy refused to split the net farm income for 12 years.
23. Andy took advantage of my good nature and had me work at times 14 days straight, long hours on his combines, whereby he charged \$125 an hour and paid me \$10 and then \$12 an hour. He did not compensate me for my gas or use of my cellular or for the maintenance I did on his 3 or four combines. I saved him money when one combine caught fire.
24. Andy blocked my motor home one summer whereby I had to get farmers with heavy equipment to move the farm equipment he deliberately positioned in front of it.
25. The steering column was damaged at one time this while Andy was the only one who had a key to his shed.
26. Another time, Andy threw out my tire rim and by mistake I then took a rim which caused damage to my motor home.

28. Andy took my gun in to the RCMP out of sheer malice and it took me six trips and a lot of paperwork in order to retrieve it.
29. In one year, Andy passed off some of his income on my T-4 which caused my tax rate to increase whereby I now had to pay income tax, this according to my accountant who was displeased by it.
30. Andy, Lynda and Claire refused to allow me to take a trip to the Bahamas paid for by Marlene as a Christmas present in 2006, yet they allowed me to take my older van, in the middle of winter for three day trip to Kenora in sub-below temperature to visit my brother.
31. Andy told relatives not to allow Marlene to stay in their homes after forcing her out of my home.
32. Andy took my van one year to take his family to Mexico and did not compensate me for all the mileage he put on it.
33. Another time Andy took my motor home to Disneyworld, offered me no compensation and returned it with a matching bedspread missing and did not offer to replace it.
34. Andy stole trees from me, approximately 35, which I noted when I returned from delivering grain dryers in the States whereby he had tree removing equipment on my property. I later learned he gave some to Lynda and exchanged some for wood flooring in his cottage in Kenora.
35. When I won us a car after going to him to ask him if he was interested in going in halves with a \$10 ticket because I felt lucky. Andy sold the car but refused to show me the bill of sale and presented me with \$8,000 for a very expensive vehicle.
36. Andy, in the summer of 2006, destroyed my globe cedar and grape trees at the front of my house out of sheer malice.
37. Andy threatened to have me charged with trespass if I entered the house, this while I was on the property servicing his equipment. He turned off the outside water so I had to transport water for my favorite cat who eventually disappeared.
38. Andy used my cellular phone to call Marlene on her cellular while in Manitoba, and left me with a \$600 bill for me to pay.
39. Andy allowed me to pay the hydro, all the while refusing to allow me in my home.
40. Andy changed the locks on the house and on the shed so that I could not enter either.
41. Andy locked my motor home in 2008, and placed all the keys, spares included inside the unit. I had to call in CAA who discovered that the unit was disabled. Towing it to Elie Ford, they discovered that someone (Andy) had deliberately loosed up a connection so that they unit would not start.
42. At my ex-wedding, I attended a family gathering on the Monday only to be told that Claire stated "who invited him here" meaning me.

43. Over the years, after my divorce, I sold Andy and Angie the original homestead and moved across the bridge into a rancher I had built to suit my needs. At this time, I was not allowed in Andy's house (my former homestead) and the same in Portage La Prairie when he moved there after making a very good profit on the house as I had reduced the price to less than market value for sentimental reasons.
44. Andy did not contribute to the maintenance of the house after I had a life estate, nor did he pay at all times, his proper share of the property taxes, etc., hydro as my well was servicing two other home across the river which was condition when Andy sold the original homestead.

51. Andy, Lynda and Claire ensured that my wife died in denying her the treatment in Texas which had proved to be working for her cancer. Instead Lynda and Claire and Helene took her to Mexico to operate on her needlessly, whereby she was sent home to die.
52. Lynda then proceeded to revise her mother's will, while heavily sedated under morphine, to exclude three of her siblings, and then transferred fraudulently her mother's property, unbeknownst to her mother or stepfather, jointly into her name and her stepfather's, which they did not learn of this until she finally registered the document three months later, at a time wen Andy had had Marlene breached for coming to visit her mother at the hospital after a call Andy himself initiated and then lay in wait to ensure Marlene was arrested and held for four months, until the charges were stayed.
53. Andy breached his No Contact several times, yet despite the RCMP admitting to this in their records, they took no action to ensure my safety or Marlene's.
54. Andy, Lynda and Claire pressured Crown not to drop the false charges they had accused her of.
55. When Andy found out I was requesting the No Contact be removed that I was not aware of, Andy once again had Crown try to reverse the order and even extend the term of probation, No Contact.

56. Claire closed down my overdraft at the Credit Union based on an email. Then she moved money around all the while her power of attorney that she obtained a copy from my lawyer, had already been revoked.
57. Lynda sent the RCMP to my residence in B.C. on false allegations, one that I was being fed dog food, that I was tied to a bed, that I was being drugged, another time that I was making calls against my will, that "if I came back to Manitoba, I would be charged with child abuse".
58. Andy convinced Mike Slegers to turn against me while at the onset he had been a supporter willing to use \$20,000 of his own money to put Andy in his place.
59. In August 2008, Andy and Mike went and interfered with my bank account, took me to Portage to try to get the power of attorney changed into Mike's name and then back to Andy which the lawyer refused, and took away my cellular and locked up my van and were pressuring me to fire my lawyer.
60. Lynda drafted two releases that had I signed, I would have forfeited my life estate and monies due me from Andy with respect to the mortgage and rent monies due me.

No witness appeared at trial and the charges were once again stayed.

78. In one of his affidavits, Andy states that I used to bring home items from the garbage dump and that you could not walk in my residence. I have never gone to the nuisance grounds for anything and my roommate complimented me on my housekeeping. Prior to that my lady friend would once a week come and clean my house as well as do my laundry and cut my grass as well.
79. Andy has declared me incompetent on numerous occasions in his affidavits, yet his very own psychiatric disproves this.
80. Andy and Lynda, according to their affidavits, have approached the Public Trustee in Manitoba to get involved and make me a ward of theirs, for no reason other than pure hatred for me.
81. Andy and Lynda both stated that Marlene could take care of me and when she became involved they retaliated with a vengeance coming against her and slandering her with outrageous accusations to the RCMP and anyone within earshot.
82. In 2009, Lynda attempted once again to keep Marlene out of the province of Manitoba by applying for and being denied a Protection Order accusing her of stalking her and demanding she be fired, etc.
83. Lynda once again sabotaged her mother's healing only to sue her step-father as she had indicated to her mother on her dying bed that they would sue her mother's husband's estate as they felt they were entitled to this and that her mother's husband estate was too large for one son alone.

84. Lynda took out a loan against her mother's car at a time when her mother was suffering from cancer and undergoing treatment, this after being appointed power of attorney.

93. Andy had positioned his worker Jack Bock in my home in order to harvest on his combines for him. Andy has since returned this individual into my home since, at a time when I should be enjoying my home.
94. Andy has refused me access to the property where I keep the beaver and crow population down for myself as well as the neighbours.
95. When I reported Andy's daughter to him at a time she was driving recklessly in an ATV and damaging my tress, he yelled at me for disciplining his daughter instead of thanking me as my concern was her safety as well.
96. Andy made me beg for my annual mortgage payments and would demand I clean the bushes on the property in order to get paid.
97. Andy never registered the \$60,000 mortgage and used the equity in the property to advance himself and to purchase lakefront property, 243 in Kenora which he planned to subdivide in June 2006 at which time he was certain the property I had a life estate on would sell, but it did not.

104. When I first arrived in B.C., Lynda told Susie Waldner that they would have to "reprogram me".
105. In Claire's affidavit, she states that I asked to borrow \$25,000 from Mike Slegers which is untrue.
106. In Claire's affidavit, she states that I wanted to move in with her in Teulon. Another false statement as I know no one in Teulon and my friends are in Elie.
107. Lynda and Claire on Andy's orders pushed me into Lynda's car at the Holiday Inn on the day that Andy was arrested (thereby breaching his No Contact) to separate me from Marlene and her help.
108. In their telephone calls when first contacting them after arriving in B.C. in 2008, both Lynda and Claire screamed their displeasure of being out in B.C. at Marlene's, threatening that if I had any contact with Marlene, they would have nothing further to do with me.

In calling back, Marlene learned that this was a refrigeration plant and Curtis was fired. Later that day, Andy stopped by at a restaurant where Marlene was having supper with her uncle and Andy came in and leaving in a rage, motioned slitting of Marlene's throat to a local who recounted the story to her as Andy left red-faced and totally enraged and furious at being confronted with the truth in front of his uncle as to what had occurred a couple hours earlier.
110. At the St. Eustache Manor, Andy followed Marlene in a black van down a dark country road until an RCMP vehicle arrived.

117. Andy rumored that Marlene was wanting to move in with me in my home and that she was running from her responsibilities in B.C.
118. Andy is trying to make me a ward of the public trustee in an attempt to discharge the two existing caveats my lawyer placed on the property in 2008.

121. Lynda in her many affidavits, claims that Marlene had listening devices, etc., and break and enter tools and had broken into her vehicle while at work.
122. The fact of the matter is that the St. Eustache Manor is built so cheaply that all one has to do is stand in the hallway and overhear the conversations going on in the rooms. This was encouraged by my brother-in-law Laurent Houde and Ben Lachance who presented Marlene with a piece of paper to make notes as they disagreed with having moved me out of my home of over 50 years!
123. Lynda in her affidavit states that Marlene was convicted of assault against me when she was acquitted. Andy by instilling fear in the very beginning with his stream of constant allegations, drove me down to the RCMP to file charges against Marlene. This is again one of those events I have no recollection of as I believe on several occasions Andy did drug me as he and Lynda are accusing Marlene of doing so to me.
124. Andy spoke to Laurette Dufresne at the Elie Manor to ensure Marlene not be allowed to stay in her Aunts room, this after her ex-husband gave her entrance and after Andy refused to allow Marlene on "his property" to visit me in my home whereby I have a life estate which he did not divulge to the RCMP.
125. Andy states in his affidavit that the house was not suitable for me to live in which was the furthest thing from the truth. I had my brother-in-law drop by daily, as well as other regulars and I was never "alone" as he states as I had constant company as everyone enjoyed the serenity of my place, especially in the summer time, as my home is situated next to the La Salle River with an abundance of wild life, etc., to enjoy as well as treed in yard to keep the wind at bay.

141. In an affidavit, Marlene is accused of not knowing that I had sold the property to Andy, not only was she aware of that, but very much aware that I had a life estate agreement to live in my home the rest of my life, as most retired farmers do nowadays.
142. In his affidavit, Andy states there is a lengthy history of inappropriate behavior by my sister, Marlene, towards my father" yet Andy does not elaborate on the accusation he is claiming. I can say equivocally, that there has never been any, let along a lengthy history, or inappropriate behavior as Andy claims.
143. In his affidavit ,Andy claims that he has been advised by the RCMP in Headingley that Marlene asserted to them that she had some form of Order in B.C. declaring me mentally incompetent and providing her power over his Estate. Nothing has been provided, nor can my counsel found anything in the British Columbia Courts that would suggest that Marlene would have any power of my father than Power of Attorney. The later is correct in that Marlene has never contacted the RCMP in Headingley with respect to any such matter nor have I been declared mentally incompetent either, father I have been declared competent to look after my own affairs thanks to her foresight which I voluntarily underwent under the direction of my doctor to offset such outrageous statements as made by Andy.
144. Andy's lawyer claims that I am not acting of my own free will, to the contrary I have always maintained the right to my home as per our life estate agreement drafted in 2002.

36. Took me to several lawyers in B.C. to assist me in my case as well as the RCMP on several occasions.

Cons:

1. I can honestly state that Marlene has been instrumental in ensuring that I not be committed by Andy, and in so doing, I can not find anything negative to state with respect to her conduct towards me as she is always looking after my best interests.

move out West and start a tree farming business. Both statements are totally false.

127. Lynda stated that I had put my name into the Elie Manor shortly before my fall when in fact, I let my name stand as did others in support of the expansion of the Manor and no reflection to my wishes to move out of my very comfortable home.
