Subject: last email

marlene I did not forward the last email to the rest of the family as this was between you and I but if you keep spreading all these erroneous accusations I will forward to all to see as I will have to defend myself on this how I wish I had never "Benefitted from" as you so kindly put it. This really saddens me to see that that is how you wish to treat me. Marlene do you need help? i can't believe that you are doing this to our family- what have we done to deserve this???? Helene
