Re: Courier - I will call in sick on Friday as I know boss would not allow me a holiday on Friday so if you send ICS - Monday would be best

Marlene - Be careful to look after yourself - you need your sleep or you will have an accident driving so BE CAREFUL!!!

I had to ask a co-worker for access to internet on his PC this morning from work but that is not allowed so I cant ask him too often so if an emergency - maybe call me. I will go to libary at noon and check for any messages if I can get away from office at lunch.

Bye now... Love Lynn
